

HARLANDALE INDEPENDENT SCHOOL DISTRICT

Stronger together. Closer than ever.

May 14, 2021

Dear Police Officers and Dispatchers,

I want to take this opportunity to thank you for everything that you do for our Harlandale ISD family as we celebrate National Police Week.

The Harlandale ISD Police Department is open 24 hours a day, 7 days a week and we know that you spend every second working to protect not only our students and staff, but our community as well.

This has been a challenging year for everybody. Your department has overcome the challenges of COVID-19 as well as the historic winter storm and continue to serve our community with pride. I am thankful to the whole police department for helping us make safety the number one priority.

This year, the Harlandale Police Department has a team of 34. From school resource officers who establish relationships with students on campus, to the dispatchers who take calls from the community, the police department is an essential part of the district.

Each one of you have made a commitment to ensure that the students of Harlandale ISD have a safe learning environment in order to obtain the education they deserve.

Again, on behalf of the Board of Trustees and the Harlandale ISD community, thank you for daily courage to serve and protect.

Sincerely,

Gerardo Soto
Superintendent of Schools
Harlandale ISD
